

Terry Clark's voice is known to many who aren't aware of his own albums because he was part of Maranatha!Music's projects from 1980 to 2000. (15 of the original masters are now **TC&M!M-20 years of worship**.)

Terry's music is designed to direct the listener to an intimate relationship with their Heavenly Father, and his life has been a process of developing that communication. His spiritual roots run deep in the Gospel message and music, but Terry went through a period of time sampling life outside the church. Finally burned out, he pushed away, humiliated to be a human being. In that condition he heard a familiar voice. It was his close, childhood friend, Jesus, whose love transformed Terry. He was restored as his dependencies shifted to the One who had answered the question: Is there a reason for this life? A life of intimacy with his "Big Brother" began. His songs are simply windows through which one can see and participate in that private relationship.

Terry's first recordings **WELCOME & MELODIES**, were Contemporary Christian albums on Good News /Word Records and contained several Christian Music radio "hits" in the late '70s, early '80s.

Terry saw the desperate need for more intimate contact with God. He made public his one-on-One conversations with Jesus which became the story of the making of a worshiper in 2 volumes – **LIVING WORSHIP & LET'S WORSHIP**, now a 2-CD package titled **THE WORSHIP COLLECTION**.

Then came: **HEAVEN IS NOT THAT FAR AWAY**, more message-oriented music; and **IN THE SECRET PLACE**, a family worship time with songs which convey the central message of intimacy with our Lord.

Roby Duke began producing Terry's projects in 1993 with **U-GADA-NO**. Next came **THIS CHRISTMAS, LOVE HEALS, ONLY BELIEVE & ThePRIZE**. Roby went Home on the day after Christmas 2007.

Terry's latest release **WE'VE COME TO WORSHIP – LIVE with Terry & Nancy Clark**, records some of what they sing when leading worship for church services and conferences with familiar hymns and choruses, along with Terry's worship songs. This project is designed to invite the listener to join in with the voices of the congregation.

Soon to be released – **TUYO SOY**. A beautiful Spanish version of 7 songs by Terry, plus 2 from Duane Clark and one from Roby Duke. This project is being produced to encourage our Spanish-speaking brothers and sisters in an intimate, conversational relationship with Jesus.
